

HEAD AND HEARING PROTECTION

MULTIFUNCTIONAL BALACLAVA

PRODUCT FEATURES

MATERIAL: 92% polyester, 8% elastane. Perfectly fits the head providing very good thermal insulation, at the same time protecting against helmet sliding. Fleece insulation provides effective protection from cold. Special design of the balaclava enables wearing it in different variants e.g. as balaclava, as tube scarf, as hat. Flat stitches increase comfort of use. Mesh insert enables comfortable breathing. STANDARD: EN ISO 13688.
